No. 236

The Embassy of the United States of America presents its compliments to the Ministry of Foreign Affairs of the Republic of Senegal and has the honor to convey and has the honor to refer to recent discussions between representatives of our two governments regarding issues related to United States military and civilian personnel of the United States Department of Defense who may be temporarily present in Senegal in connection with training, humanitarian relief operations, exercises and other agreed activities.

As a result of these discussions, the Embassy proposes that such personnel be accorded the status equivalent to that accorded to administrative and technical staff of the United States Embassy under the Vienna Convention on Diplomatic Relations of April 18, 1961, and that they may enter and exit Senegal with United States identification and with collective movement or individual travel orders.

The Embassy further proposes that such personnel be authorized to wear uniforms while performing official duties and to carry arms while on duty if authorized to do so by their orders; and that the Government of Senegal accord duty-free importation and exportation as well as exemption from internal taxation on products, property, material, and equipment imported into or acquired in Senegal by or for the United States Government in connection with its official activities. Vehicles, vessels, and aircraft owned or operated by or exclusively for the United States Armed Forces shall not be subject to the payment of landing or port fees, pilotage charges, navigation, overflight or parking charges or light and harbor dues, while in Senegal; however, the United States Armed Forces shall pay reasonable charges for services requested and received.

Finally, the Embassy proposes that both Governments waive any and all claims (other than contractual claims) against each other for damage, loss or destruction of the others property or injury or death to personnel of the two Governments arising out of the performance of their official duties.

If the foregoing is acceptable to the Government of Senegal, the Embassy proposes that this note, together with the Ministry's reply, shall constitute an agreement between the two Governments which shall enter into force on the date of the Ministry's reply.

The Embassy of the United States of America takes this opportunity to renew to the Ministry of Foreign Affairs of the Republic of Senegal the assurances of its highest consideration.

Embassy of the United States of America
